

**PRESIDENT MAY  
CALL CONGRESS  
TOGETHER SOON**

## **Serious Consideration Given Affairs in U. S.**

PARIS, April 10 — (By The Associated Press).—While the sessions of the Council of Four are occupying the chief attention of President Wilson, yet those close to the president who have seen him in recent days say he is giving serious consideration to the condition of public affairs in the United States, particularly the situation created by the failure of appropriation bills and the necessity for calling an extra session of congress.

It is known that some of the president's advisers are of the opinion that a call should be issued at a very early day, so as to permit the new congress to assemble in perfect organization by June 1 and complete the appropriation bills before the end of the fiscal year. Should this prevail, it would require an early call in order to permit the usual period for assembling.

While the president is listening to these counsels, he has given no intimation of the course he intends to pursue.

**New Factors Considered.**

Several new factors have recently entered into the consideration of this subject here. One is the departure of the military committee of the new congress for

Europe and it is foreseen that the committee, which is chiefly interested in the appropriation bills, cannot make the visit and get back much before June.

Another phase is the conclusion that the usual method of extending appropriations beyond

June 30 by concurrent resolution of congress would not suffice in the present case, as conditions are so entirely changed from a war to a peace basis that the former appropriations are not applicable to the present conditions. This, it is believed, will make necessary entirely new appropriation bills, requiring considerable time for their detailed elaboration.

The fact that the United States transport George Washington has been ordered to proceed to Brest has given rise to the suggestion that it was the situation at home, rather than in Europe, which might require the early return of President Wilson to America. According to the view of those in the confidence of the president, his physical presence in Washington is not essential to the meeting of

congress or until the end of June, when the appropriation bills will be ready for his signature.

**May Soon Issue Call.**

It is pointed out that no president personally appeared before congress until President Wilson created the new departure, and it is held that he could revert to the custom of his predecessors in issuing calls and transmitting messages, without his personal

The final decision depends largely on the progress of the peace conference, as the situations at Washington and Paris are so linked together that they are more or less dependent on each other.

President Wilson attended the morning and afternoon sessions of the council today. The council had under consideration the re-

A French newspaper, The Matins, remarks that "in five months allied governments have not solved a single problem. Talking cannot go on forever." Rapid work.

Regarding the "own our own homes" campaign being worked in many cities an exchange says, "He who has never owned a home has missed one of the sweetest and most durable of human joys." Wonder if the writer ever operated a mowing machine?

A conference of representatives of farmers, commission men, and retailers has recently been held in Chicago, and a league of nations organized. The general public must accept the rationing apportioned them and be happy.

The interview printed yesterday in which Edgar Crabtree clearly states his platform and the fact that if the people want him to serve them as mayor, if they have faith in his honesty of purpose and character they will by their votes endorse him without personal solicitation leaves the question fairly up to the voters. They are the judges and the rulers.

It has been remarked by some that John A. Bellatti is not a straight party man and we imagine there is some truth in the assertion. The Journal only recognizes the fact that he is eminent in his profession, that there is no denying the fact that he is an able lawyer, and while in the past four years we have been well

represented in the attorneyship, yet men of the character of Mr. Bellatti are always needed, and when a man is patriotic enough and public spirited enough to tender his services without salary, there should be no question of the acceptance of the offer by the voters of the city. Mr. Bellatti is able, fearless, independent, and will make a good official.

## TO THE END.

The Victory Liberty Loan will soon be launched. What will be the answer we will make to the call? Every condition of right and duty and honor demands that we take up the loan, and our future progress depends upon it. Let us see if this is not true.

To complete our task and make victory sure we must have more billions to pay the debts of the government. The people are the government. Whatever may be the task it belongs to even the smallest individual in the country. There are our professed ideals and mission to humanity to be maintained, and readjustments and restorations. Our honor is at stake and the peace of the world in the balance. Are our men on the other side to be deserted after they have made possible the greatest victory the world has ever known?

"When a nation has undertaken certain things," it was said by one the other day, "in which her honor is involved she must plow straight through to the end of the furrow. It is not a matter of choice, but a matter of necessity. The government must and will have the billions called for, if not by bond subscriptions, then by taxation. Her good name and honorable reputation as a nation demands that the loan be put over."

Then, too, we are entering on an era of great prosperity. We can safely venture, with the certainty of winning out. A failure now would set back the progress of America a half century. If the people of the whole United States practice thrift and buy bonds to the limit the time is soon coming when poverty, financial panics and hard time struggles will be things of the past, and the support of the government at this time will give her an opportunity to build up a great merchant marine, develop our own resources and command the trade of the world. What shall it be?

## THOSE LAND VALUES.

When a number of farms were sold in February at higher prices than ever before known locally, the majority of both farmers and land dealers thought that activity would practically end until the wheat crop had been harvested. These convictions were not well founded for local land men report daily inquiries for farms and two sales made this week show the active demand and the willingness to pay good prices for good land. The promise is for still higher prices. Land here can go up \$25 to \$50 an acre and still be below the level attained many months ago in other counties of the corn belt.

## SOVIET GOVERNMENT.

The Jacksonville attorneys who talked at the court house last night seemed to look upon the Soviet government of Europe as presenting all that could be hoped for in government, examples of pure democracy. They failed to say anything about the riotings and bloodshed which seem to be the inevitable accompaniment of the establishment of the new governments. The classes over there have taken possession of some governmental functions but they have not by any means proved their ability to manage these affairs successfully or in the interest of the people. Real democracy is not born over night and when more rights are secured for the people it must be thru development—thru a victory won by education in a battle with ignorance.

## THE DAYS OF LAWLESSNESS.

Daylight holdups, robberies and burglaries of other kinds are now of daily occurrence in Chicago. St. Louis has been developing something of the same sort of a crime wave and people are wondering why. Ordinarily these waves of lawlessness come at times when wages are at a low point and work is scarce, when business is generally depressed. Now there are a few cases of non-employment but generally speaking the country is immensely prosperous. So far none of the social experts have been able to point to the exact reason for these troublous conditions.

## WHY ROCK THE BOAT?

The only really serious suggestion made at the court house meeting last night was that an effort would be made to secure a court injunction which might interfere with the progress of the water supply improvement plan. The press thus far made has been thru the earnest co-operative effort of hundreds of citizens. The steps taken have been after the most painstaking investigation with the advice and approval of three state departments. The prospects are most excellent for Jacksonville to now secure a water supply which the bitter experiences of past years have shown so greatly needed.

Any man or group of men who shall come at this time and endeavor to upset these plans, to interfere with Jacksonville securing this water supply, will be in utter disregard of the interests and opinion of the people.

Any man or group of men who shall seek to block the water supply project will stand convicted of complete and ruthless disloyalty to the city of Jacksonville.

## THE COMMUNITY CHURCH PLAN.

The community church proposed for South Jacksonville is quite in line with the general church movement of the present day. The past two or three years have seen more steps toward church unity than the preceding decade. People have learned more about working together during the war time than they ever knew before, but aside from that fact, there are various conditions which argue strongly for church union at least in individual cases. It is recognized that many cities and towns are over-churches and that a great deal more can be accomplished if the number of churches is fewer and the strength of those remaining in operation is greater. There is enthusiasm in numbers and the church, no matter what its denomination, which is well attended is pretty certain to be a live one.

South Jacksonville has an increasing population and because of the surrounding territory without a church, is a logical site for such an enterprise and the community idea will add materially to its strength and usefulness.

## Punishment.

Sad and lonely Wilhelm's sitting in a gloom that's right and fitting; and the bats are round him flitting, as he broods, and broods alone; every moment's to him bringing recollections fierce and stinging, of the days when he was kinging on a richly cushioned throne. When he wakes and when he'd slumber, bitter thoughts his mind encumber; once he was the warmest number, with a crown upon his brow, once he walked in pomp and splendor, biggest sample of his gender, and his smiles were legal tender, but he is a has been now. None to honor or revere him, none to jolly him or fear him, and the stolid hutchmen near him wish he'd shoo himself away; this the end to his scheming, this the finish to his dreaming, and his soul's within him screaming, sobbing, when he hits the hay. Would his pain be half as bitter if we took this erring critter to a tree where robins twitter, there to swing him from a limb? Would the woe be any greater if this universal traitor, of this loathsome strafehater, if we tarred and feathered him? Sad and lonely he is sitting with the bats around him flitting, and his princely teeth he's gritting when the Holland sun goes down; he has long bleak years before him and a million thoughts to bore him, thoughts of stalwart hands that tore him from his sceptre and his crown!

BENARD WALSH IS  
KILLED IN EAST MOLINE

Jacksonville Boy Meets Instant Death in Motorcycle Accident—Son of Mr. and Mrs. Thomas Walsh of This City.

Word was received here Thursday night by Mr. and Mrs. Thomas Walsh of the death of their son, Bernard Walsh, at East Moline about 5 o'clock Thursday afternoon.

Death resulted from a collision between a motorcycle ridden by Walsh and an automobile driven by Rudolph Freeberg. Walsh struck the automobile head on going at a high rate of speed and was killed instantly.

The remains were taken in charge by the coroner of Rock Island county and an inquest will be held this afternoon at 1 o'clock.

The Journal was in communication with the East Moline police station Thursday evening. The desk sergeant said that so far as could be ascertained Walsh was getting up speed to climb a steep hill. As he approached the main avenue of the city which crosses the street on which he was riding, Freeberg, who was driving along the main avenue, came suddenly in view and Walsh struck the heavy machine head on.

Walsh was killed instantly and the motorcycle was completely demolished. There was but little damage to the automobile and Freeberg escaped injury.

Bernard Walsh was 21 years of age and was born in this city and received his education in the parochial school and Rount college, graduating from the latter institution in the class of 1915.

He was a remarkably brilliant student and after graduation entered the University of Notre Dame. He took up engineering and spent three years at that institution. During the last year he was a member of the S. A. T. C.

Last January he left Notre Dame and went to Moline where he secured a position as draughtsman with the John Deere Plow company with which he was connected at the time of his death.

Mr. Walsh was a member of the Church of Our Savior and was a young man whose future was one of much promise. His sudden going will bring sorrow to many hearts and the sympathy of all will go out to the family in their great bereavement.

Besides his parents he is survived by three brothers, Reginald, who is also located in Moline, Robert, at home, and Clarence who is with the American forces overseas. Two sisters, Theresa Walsh at home, and Kathleen Walsh who is teaching in Escanaba, Mich.

Thomas Duffner and A. W. Becker, uncles of the deceased, left for Moline Thursday night, going to Chapin and taking the north bound Burlington train. They expect to bring the remains to Jacksonville for burial and probably will arrive here Saturday morning.

The time of the funeral will be announced later.

AT NORTHMINSTER.

A musical was given by the social committee of the Aid Society of Northminster church at the church Thursday evening. A program of thirteen numbers was given and all of the performers acquitted themselves with great credit and the numbers were beautifully rendered. Following the program the committee served ice cream and a delightful social time was enjoyed. Those taking part on the program were: Marie Nunes, Vivian Vieira, John Vieira, Paul Vasconcellos, Dorothy DeFrates, Beyril Vasconcellos, Beatrice Vasconcellos, Evelyn N. Scott, Hazel Nunes, Virginia Masters, Margaret Baptist and Homer Nunes.

Mrs. Jack Pennypacker has gone to Macon for a brief visit with relatives. On her return she will be accompanied by her little daughter.

A class of ten is now ready and will take the rank of Knight at the next regular meeting. A number of Knights will go to Roodhouse this evening to visit Worcester lodge.

They expect to assist in the work and also to get tyros for the D. O. K. K. ceremonial to be held April 23. All who expect to go should see Lee Stice. If the weather is good the trip will be made in automobiles. In case of bad weather it will be made by train.

## SAILORS WILL BE

## ALLOWED REST

New York, April 10.—When the thirty thousand sailors and marines of the American "Victory Fleet" come to New York on April 15 to remain for 15 days, there will be no parades or "official entertainments," it was announced.

"Parades are all right," said Major Randolph Coyle of the committee on arrangements, "but the navy department desiring to give the boys a complete rest from their heavy work is anxious that nothing of an official nature be staged while the fleet is in the Hudson."

IMPORTANT FARM LAND  
SALE CONSUMMATED

F. E. Farrell and E. E. Crabtree Sell Tract of More Than Five Hundred Acres in Alexander Precinct—Price is \$300 Per Acre.

The largest land sale recorded in a period of months was made known yesterday. F. E. Farrell and E. E. Crabtree, thru E. B. Wiswell as broker, sold a farm of 522½ acres in Alexander precinct to Jesse Decker of Virginia and E. B. Conover of Springfield. The sale price was \$300 per acre. The land borders on the village of Alexander to the west and is in a high state of cultivation.

The farm was for a long time a part of the estate of the late John T. Alexander and was purchased many years ago by the late Felix G. Farrell at a price of \$75 an acre. The owner at that time made substantial improvements and tilled the land. Three years ago Mr. Farrell and Mr. Crabtree had further extensive tilling work done. It was in 1912 that Mr. Farrell and Mr. Crabtree came into complete ownership of the tract, when they purchased the interests of the other heirs, paying them at the rate of \$200 per acre. That was considered a strong market price at the time and the sale yesterday shows that there has been a very considerable increase in farm values.

F. E. Farrell has managed the property and for the past fifteen years has had John Ryman as a tenant. This farm can properly be classed as one of the very best in Morgan county. The land itself has been handled in such a way that the soil fertility has been increased from year to year rather than depleted. The improvements are extensive and in excellent condition and the new owners, Mr. Decker and Mr. Conover, certainly will have a Morgan county property of which they can be proud. Possession is to be given March 1. Mr. Decker and Mr. Conover are already extensive realty holders, owning land in both Cass and Sangamon counties.

## FINE SHOWING

Salem Lutheran church of Jacksonville has raised \$1,300 as its quota for the Lutheran Liberty loan campaign. This sum exceeded the quota of the church and some workers are still to be heard from. The purpose of drive was to procure \$3,000,000 in Liberty bonds by the Lutherans of the Missouri synod to serve as a foundation for a permanent endowment fund to care for incapacitated pastors, professors, teachers or their widows and orphans.

March 20 during the hours from 2 to 6 p. m., was fixed as the time for the drive and 50,000 workers were engaged in that campaign during the hours mentioned. Reports received from campaign headquarters show that there are more than 3,000 Lutheran congregations in the synod and that the average from each was in excess of \$2,000. The number of

## Matrimonial

Stout-Wolfe.

Otis Oliver Stout and Miss Margaret E. Wolfe both of Markham were united in marriage at 4 o'clock Thursday afternoon by the Rev. Myron L. Pontius at Central Christian church parsonage.

The ceremony was witnessed by Miss Ethel Thomason, Miss Ruth Carlson and Miss Mary Wolfe a sister of the bride.

The groom is the son of Mr. and Mrs. Marshall Stout, of Markham and was born and reared in that vicinity. He is a farmer by occupation and a young man who by his industry and integrity has won the high regard of his neighbors.

The bride is the daughter of Mr. and Mrs. W. G. Wolfe of the Markham neighborhood. The family formerly resided in Jacksonville, removing to their country home several years ago. Mrs. Stout is a young woman of much personal charm and one who has won many friends in her home community.

Mr. and Mrs. Stout left Thursday for a brief wedding trip. Upon their return they will reside on a farm near Markham and will have the best wishes of their friends for a long and happy married life.

Wiley-Anderson.

The marriage of Carl G. Wiley and Miss Anna Anderson was solemnized at the home of the groom's parents, Mr. and Mrs. H. C. Wiley, 716 South Main street, Thursday morning. The officiating minister was Rev. W. R. Leslie, pastor of Centenary M. E. church.

The ring service was used with only immediate relatives present as the witnesses.

Wiley, who is a graduate of the State School for the Blind, has for some time been employed as telephone operator at Jacksonville State hospital and his faithful services there have been greatly appreciated. Mrs. Wiley is also a valued employee at the state hospital. The young couple will make their home in Jacksonville.

## There Is Real Pride In The Ownership of an Essex

A Light Weight Economical Car that in Looks, Performance and Endurance Meets the Demand for the Best

Owners of some light weight cars manifest little pride in them. Their lack of attractive appearance, the limits of their performance and the quickness with which they become noisy and lose their newness have been accepted as inevitable in cars that are low priced.

But the Essex has awakened a new note of motor car appreciation. Hundreds of thousands have seen and ridden in it. They are so enthusiastic over the high priced car quality of its finish and riding ease that they are telling all their friends.

Mention Essex to any motorist and you open a subject that will reveal how the Essex became the most talked of car of the year.

But better than listening to others praise, come see for yourself. We will give you a ride that you will be glad to have had.

### BURLESON ISSUES

#### STATEMENT ON WIRES

WASHINGTON, April 10.—Postmaster General Burleson declared today that increases in telephone and telegraph rates under government supervision only for advances in the wages of employees granted or contemplated and for greater cost of material and supplies and that no part of the increases benefit the owners of the systems. Officers of the Commercial Telegraphers' Union of America, which is now conducting a strike vote, have charged that employees have failed to receive advances in wages commensurate with the increased rates.

"The owners of the systems," said a statement issued by the postmaster general, "do not benefit in any way from the increased rates collected for either telegraph or telephone service. The increase of wages allowed employees of the wire systems under government control aggregate for telegraph and telephone combined \$34,000,000 per annum, while the total rate increases made or contemplated amount to less than \$40,000,000."

#### LEGION MUST BE DEMOCRATIC

NEW YORK, April 10.—State branches of the army legion, recently formed organization of American veterans of the world war, were notified today from temporary national headquarters here, that, to preserve the democratic nature of the association, sixty per cent. of the delegates to be elected to the national caucus to be held in St. Louis on May 8 must be enlisted men.

"Everyone concerned with the temporary organization wishes it distinctly understood throughout the entire country and among the men in France that the legion is a civilian organization and upon enrollment in it a member leaves all rank behind him," said Major Granville Porteus of the 80th division, one of the organizers. He added that the "doughboy, gob and leather-neck" made up the great mass of the American fighting forces in time of war and consequently they will form the backbone of the American Legion in time of peace."

#### SETTLE DETAILS.

Madrid, April 10.—(By the Associated Press).—It is stated that details of a convention between Spain and the United States, providing for the importation of cereals by Spain, have been settled. The condition is that the Spanish ships, which are to convey the cereals shall stop at Bordeaux on the western voyage and take on board American troops ported homeless, tents and food material which is to be returned to the United States.

#### SAILS FOR AMERICA.

London, April 10.—The former North German Lloyd liner Prinz Friedrich Wilhelm, sailed from Liverpool April 9 with New York as her destination.

The Prinz Friedrich Wilhelm, 17,000 tons gross, was reported in December, 1916, as having run aground near the Danish island of Samsoe after breaking thru the British blockade presumably bound for sea on a raiding expedition. She was afterward refloated and taken back to a German port.

#### DECLINE PROPOSAL.

New York, April 10.—The strikers committee of the Marine Workers' affiliation voted here today to decline a proposal made by the Boat Owners' association, in an effort to end the harbor strike here. The owners offered to grant a 15 per cent wage increase with a 60-hour working week.

WORLD'S RECORD FOR MILE. Chicago, April 10.—Jole Ray, national A. A. U. champion, established a new world's record indoors of 4:14.3-5 for the mile tonight in the Central A. A. U. championships being held under the auspices of the Franklin A. C.

#### DENY REPORT.

Washington, April 10.—Denial was made today by a state department official of a Japanese press report asserting that a secret treaty existed between the United States and China. An exhaustive search was made of the files of the department for such a treaty and it was said none was found.

\$4,000,000 FOR EDUCATION. New York, April 10.—Transfer to the army of the \$4,000,000 educational system for officers and enlisted men, set up in France during the war by the Y. M. C. A., was announced tonight by William Sloane, chairman of the National War Work Council of the organization.

#### GOMPERS RETURNS FROM FRANCE

New York, April 10.—The Holland-American liner Rotterdam, carrying 208 officers, 2030 troops and 570 civilian passengers, arrived at quarantine tonight and will dock tomorrow. Samuel Gompers, president of the American Federation of Labor, and other members of the international labor conference are among the notables aboard.

#### RAILROADS RECOVERING FROM SNOW STORMS

Denver, April 10.—Railroad and telegraph companies today were recovering from the effect of the snow storm which swept the Rocky Mountain region Tuesday and Wednesday. The storm, which extended south as far as Mexico, was especially severe in New Mexico, where the snowfall varied from six to ten inches.

### DIRECTOR HINES AGAIN REFUSES STEEL PRICES

(Continued from Page 1)

board's steel prices were too high. The adviser's opinion was again reiterated after conferences yesterday in New York with representatives of the steel industry, Mr. Hines said.

Will Appeal to Wilson. President Wilson will be appealed to immediately by cable to take a hand in the controversy between the railroad administration and the department of commerce's industrial board, which was brought to a head late today by the definite and final refusal of Director General Hines to accept the new steel prices schedule approved by the board after conferences with the steel industry.

This announcement was made in a statement issued for the industrial board by its chairman, George N. Peek, after the director general had made public his final decision.

The opening break between the two government agencies came after Mr. Hines and Chairman Peek had conferred for about an hour.

Mr. Hines based his refusal to accept the prices on the grounds that prices were "too high," that the industrial board had no power to impose its schedule on the railroad administration and that the restoration of industry to a peace basis "would be retarded" if a governmental agency were bound by the board's recommendations.

In a statement denouncing the attitude of the railroad administration by which it was asserted "the government is exhibited as setting up an industrial policy with one hand and destroying it with another," Chairman Peek warned against the railroad administration's exercise of its power of "monopolistic buying" of rails, and declares that "the director general must assume full responsibility for all the results of the course he has chosen."

Peek Issues Statement. Chairman Peek of the board tonight issued a statement in part as follows:

"The director general of railroads has today given to the press a statement definitely refusing to accept the prices on steel approved by the industrial board as representing fair prices for public buying. This statement discloses what has already been developed in repeated conferences with the railroad administration, the reasons for the director general's refusal are, first, that he denies the right of the industrial board to impose a price upon the railroad administration, and second, that he is 'of the opinion' that the prices 'are too high.'"

"The public must be informed of the magnitude of the solemn responsibility assumed by the director general in this important decision."

"The industrial board was formed to carry out a perfectly defined industrial plan to which the government, represented by the president, the cabinet and the director-general, was fully committed. \* \* \* To the complete success of this plan, however, there is one absolute essential, that the governmental department should express the confidence of the government in the execution of this most important policy. Especially is this true in respect of steel rails, in the buying of which the government, through its control of the railroads, consumes a very large percentage of the output."

"At this late date in the execution of the plan this important essential to its success has been denied by the director general of railroads, and by that denial the labor of the industrial board is set at naught and the government is exhibited as setting up an industrial policy with one hand and destroying it with the other."

"In fairness to the railroad administration it must be admitted that, by using the full effect of its power of monopolistic buying, it might secure a price on rails somewhat lower than that announced by the industrial board. The figures stand to prove, however, beyond all question, that such a price would be lower than production costs of any but one or two of the most highly organized, powerful, and lowest cost producers. \* \* \*

What Reduction Would Cause. "The inevitable result of the use of the enormous buying power of the railroad administration to reduce any price would be to create a situation which would have to be met in one of the following ways:

"(A). Increasing of prices to the public.  
"(B). Throwing all railroad business into a monopoly of powerful producers.

"(C). Reducing wages. \* \* \* "Doubtless the director general is within his rights in insisting upon his technical prerogative to determine prices for himself to exercise an arbitrary discretion in making that determination and to use all the powerful means within his control to obtain the lowest possible prices on iron, steel and coal for railroad consumption. The board insists, however, that in the exercise of that right, the director general must assume full responsibility for all the results of the course he has chosen."

"It is not the opinion of the board that governmental organization is such that important policies can be lightly frustrated. The railroad administration's refusal to accept the steel prices put a temporary check on the work of the board, but before abandoning the vital industrial policy which it represents, the board will see that the whole controversy is submitted to the president for final decision."

### BERLIN THREATENED BY GENERAL STRIKE

BERLIN, Wednesday, April 9.—[By The Associated Press.]—Altho nothing has transpired up to an early hour tonight to permit of the conclusion that a general strike was one of the possibilities of the next 48 hours, a feeling of nervousness pervades Berlin. This feeling is due to the conspicuous military precautions being taken by Minister of Defense Noske at the principal traffic centers of the city.

The government appears to have learned a lesson from the February and March riots. The military measures adopted this week, so far as can be seen in the inner city, warrant the impression that Noske is fully prepared.

A majority of the big Berlin banks were forced to remain closed today or at least to shut down their branches because of the strike of bank employees.

There are indications that the strike may have been the result of a majority of the employees being intimidated by a minority.

The Reichsbank is closed, altho a great many of the employees broke thru the pickets and reported for work.

The government intends to deal with the strike immediately upon the intervention of the national labor bureau.

### FRENCH SENATE ADOPTS RESOLUTION

PARIS, April 10.—[Havas.]—After today's session of the senate the senators signed the following resolution: "The members of the senate of the French republic, once more voicing their desire that the international conference at present in session draft a treaty worthy of the victory of the allied armies and of such a nature as to establish peace and justice throughout the world, express the hope that full restitution will be exacted from the enemy, together with reparation for damage caused to persons and property and that the full cost of the war will be imposed on those responsible for the greatest crime of history."

### FAMOUS CHICAGO POLITICIAN IS DEAD

CHICAGO, April 10.—Charles "Big Sandy" Walters, political leader of the first ward in Chicago for 20 years prior to 1899, died at Danville, Ill., yesterday, it was learned today.

Walters gained his sobriquet from his size and his complexion and until the introduction of the Australian ballot and other reforms he ruled supreme in the first ward.

During the memorable session of the legislature in 1891 when John M. Palmer was elected United States Senator after 11 weeks of balloting Walters was sergeant-at-arms of the lower house. Many members of the legislature fell ill during the long session, and Walters, by reason of his great strength, was accustomed to carry into the joint session, in his arms, members who were unable to walk, in order that they might cast their vote in the close senatorial contest.

### DISSATISFIED WITH GENERAL SMUTS

PARIS, April 10.—(By the Associated Press).—The report of General Smuts concerning his mission to Hungary are provoking much criticism in entente circles. Altho General Smuts was authorized to go to Budapest by the Council of Four, the nature of his mission was not clearly defined.

The French and other allied governments are provoked because the statements of Bela Kun, Hungarian foreign minister and leader of the soviets, give the impression that General Smuts had diplomatic standing and that his conferences with the Hungarian officials constituted recognition of the soviet government.

While the diplomatic standing of General Smuts is denied the impression is gaining ground that his trip was directed chiefly by the British and that it was no sympathetically supported by the other allies.

### U. S. ARMY NURSES HONORED

Washington, April 10.—Ten American army nurses have been awarded the Medaille d'Honneur des Epidemies by the French government, American Red Cross headquarters was advised today. The presentation ceremony took place at Red Cross military hospital, No. 112, Amul, in the presence of a distinguished gathering, twenty three officers of the American Medical Corps and seven enlisted men receiving the decoration at the same time.

### CINCINNATI FIREMEN QUIT

Cincinnati, April 10.—"Blanket" resignation of all members of the Cincinnati Fire Fighters' Union will be presented to Mayor John Calvin tomorrow morning to become effective Saturday.

The conclusion to resign was reached at a meeting of the union late today after the failure of the city administration to agree to the demand of the union that four discharged firemen be restored to duty.

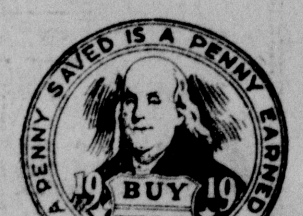

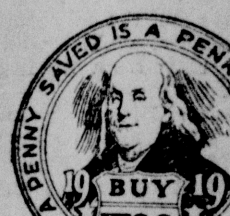

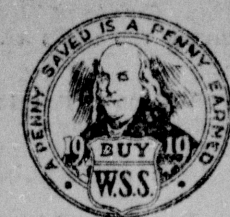

### FATHER OF WILL H. HAYS DEAD.

Sullivan, Ind., April 10.—John T. Hays of Sullivan father of Will H. Hays, chairman of the Republican committee died today.

### MONROE DOCTRINE AMENDMENT ADOPTED

PARIS, April 10.—[By The Associated Press.]—The league of nations commission adopted tonight a new section to the covenant, specifically providing that the Monroe Doctrine is not to be affected by the provisions of the covenant.

The Monroe Doctrine amendment was prepared by Colonel Edward M. House. It was expected that the Japanese amendment also would be brought up again at tonight's meeting. The president's call on Baron Makino, head of the Japanese embassy, today, had a bearing on this amendment.

### STORM'S DEATH TOLL REACHES 92

DALLAS, Tex., April 10.—Ninety-two persons killed, approximately three hundred more or less seriously injured, and property damage estimated at nearly \$1,000,000 was the toll exacted by Tuesday night's storm that swept a portion of Arkansas, north Texas and southern Oklahoma, according to virtually complete reports. Of the dead, 75 persons were killed in Texas, 17 in Oklahoma and three in Arkansas.

In response to appeals for aid from the stricken section of Texas where about 1,000 persons are reported homeless, tents and food supplies are being sent from many points in the state.

## MASS MEETING HELD AT COURT HOUSE

Local Authorities Point to Soviet  
Governments in Europe as Ex-  
ample for U. S. People—City  
Finances Discussed.

"The Story of Our Thralldom" was the theme announced by handbills yesterday for the mass meeting called by William N. Hairgrove at the court house last night. It was the announced intention of Mr. Hairgrove to discuss the financial condition of Jacksonville and the cause, J. O. Priest and Mr. Hairgrove both made addresses and the meeting, which was well attended, continued from 7:45 until nearly 10:30 o'clock.

It was a cosmopolitan group that faced the speakers and the truth is that there was nothing very sensational in the whole proceeding. Those who came on the qui vive for the sensational were doomed to disappointment. Mr. Hairgrove and Mr. Priest both seemed to be in a perfectly good humor. There were some

personalities, a number of charges as to municipal extravagance and banking methods, which were submitted without proof and altogether it was quite an interesting and harmless proceeding.

The People's Rights.  
Mr. Priest's address might be termed the curtain raiser for the main performance, for he spoke less than half an hour and left the lion's share of the time to Mr. Hairgrove. Although Mr. Priest referred to the recent hearing on objections before the local election board and held that real justice had not been met out to his client, he devoted the main part of his address to the question of the rights of the people. He declared in several different ways that the real reason the people do not receive all that is "coming to them" is because they think politically instead of economically.

"There isn't any difference between a Democrat and a Republican," Mr. Priest said, and continued: "Fundamentally we are all the same kind. If we have grievances, have injuries—it is all because we as the people do not insist upon securing our rights. This little street railroad that runs thru Jacksonville, the gas plant, the light plant, could all belong to Jacksonville and we could have the products of these utilities at far less than the present price if we were only in earnest about securing these things.

"Why, up in Calgary, Canada, there is no municipal tax. The people own the light plant, they own the street railway. For a penny you can ride for miles and electricity and gas doesn't cost any more than a tenth of what we pay. These things are only a few of the things that we might own and operate for our personal benefit if we had the earnest inclination to go after them. Banks merely represent the credit of a community and if the people were to so elect they could have control of the banks and the credit of this community could be used for the benefit of the community. You might call me an anarchist but I am not. I am simply talking about the rights of the people—those things which they could have if they were only to demand them. Each man should have a right to all that he produces. Yet those who get what they produce are few and far between. But men are coming into this knowledge of their rights. Over in Russia and in other countries of Europe the working classes are

asserting their rights. They have taken charge of the government and are going to run these governments for the people. The interests of the people are going to get away from this thralldom by which those who happen to have wealth are in control.

Predicts New Order.  
"That same day is coming for this country, and I predict that in less than five years' time that you will find the working people of this state in charge of its government. There is not the slightest personal feeling on my part against bankers, against wealthy men. I am simply talking about a principle and I am trying to impress you with the fact that whatever you may lack of those things which are rightfully yours is because you do not unselfishly demand them.

Mr. Hairgrove spoke partially from notes. He reviewed several years of municipal political history and told how the city had changed from the aldermanic form to the commission form of government because the people expected to better conditions. Then he said the change had been made back to the aldermanic form did not give the expected relief and cut down expenditures. Referring to the administration of Mayor Davis, under the commission form, the speaker gave the members of that commission credit for devoting most of their time to their work, to reducing the debt and in general bettering conditions. He charged the administration, however, with weakening its stand against the Jacksonville Railway & Light Co., and in failing to put thru measures which he as city attorney had prepared and which he declared would have brought in a considerable revenue.

### City Indebtedness.

Mr. Hairgrove charged members of the present administration with failure to devote their time to city affairs, and extravagant methods in handling city business. He quoted figures to show that when the present administration went into office that the floating debt was \$10,000 and that at the present the floating debt has been increased to something in excess of \$100,000. Leading up in this way to the water supply question, Mr. Hairgrove voiced the opinion that the north side wells have never been properly tested and that the proposed supply by an impounding reservoir would far exceed the city's present needs. To secure such a large supply at this time the speaker said was not advisable because it simply meant adding further to the debt of an already over-burdened city.

"A city that is in debt is always at the mercy of the bankers," Mr. Hairgrove said. "That is the condition in which the bankers want to keep Jacksonville, for in that way they can pluck from the city their living and use up the taxes that you and I pay. When the \$75,000 bond issue was proposed for building this reservoir I knew it would not be half enough for the project and it was not long after the bond issue had been approved that the facts began to leak out that a good deal more than double the \$75,000 would be needed. Yet neither of the newspapers told you these facts. The trouble with the newspapers is that they are really like so many others in these parts—they are controlled by the same men who control the banks."

No Criticism for Candidates.  
Referring to the coming election, Mr. Hairgrove attacked the salary plan as being unreasonable and illogical, tho he declared that he had not a word of personal criticism for any of the candidates. He said that in his opinion Mr. Crabtree was an honorable and efficient man and that Mr. Bellatti is a most capable lawyer whose record he had known for 25 years and found it unblemished. In talking along this same line the speaker suggested that he didn't believe it was fair for some of those who were opposed to his niece, Miss Tillie Hairgrove Democratic nominee for city attorney, to charge her up with any of his own doings or sayings. "Perhaps eight or ten years ago I was not in favor of prohibition in Jacksonville but certainly my niece had nothing to do with that. In the first place she was not here at that time and in the second place she was not old enough to cast a vote. I do say this, that if she happened to be

elect city attorney that she is capable to fill the office. She hasn't as much experience as I have myself, but she has had more legal education."

Mr. Hairgrove charged the newspapers with failing to tell the people the real truth along many lines "Just the other day," said Mr. Hairgrove, "I received a copy of the constitution of the Soviet government in Russia in which it was shown that a pure democracy is in vogue there that the working men of all classes have a voice in the government. Yet neither the Courier nor the Journal seems to have received a copy of this most interesting document, which shows what it means for the people to come in to their rights."

Opposed to Good Roads.  
The speaker devoted several paragraphs to the Courier, with the introductory statement that during twenty five years' residence in Jacksonville that paper had unfailingly attacked him whenever the opportunity offered. Mr. Hairgrove laid the blame for the city's financial difficulties to banking interests and said that no relief is in sight. While his theme was Jacksonville, he didn't limit wrong-doing against the people to this city, by any means and charged that most of the money authorized for \$20,000,000 bond issue for an Illinois waterway had been spent up around Ottawa at the behest of Lee O'Neill Browne. He characterized the \$60,000,000 bond issue for good roads as simply something to add to the people's tax burden.

Getting back to the local affairs again, Mr. Hairgrove declared the whole water project and announced his intention of endeavoring to secure at his own expense a perpetual injunction to prevent city authorities from in any way mortgaging or involving the water system for the payment of bonded indebtedness created to cover the cost of the proposed improvement.

### MODIFICATION OF CENSORSHIP URGED

PARIS, April 10.—(By the Associated Press.)—Although the blockade has been formally lifted against all enemy countries except Germany, and Against Bolshevik Russia, restrictions on trade with Poland, Estonia and eastern and southeastern Europe continue to be exercised. There is still censorship of mails and telegrams and an absence of postal communication with the "infant states" and resumption of trade and of business relations is virtually blocked.

The American delegates have been pressing in the inter-allied economic council for a modification of the censorship, but the system as regards Europe remains in force. The associated governments therefore remain in the position of giving with one hand by lifting the blockade and withholding with the other by maintaining commercial censorship.

NOTICE  
Some extra good milch cows and heifers will be sold April 17, Thursday, at C. N. Priest's sale, near Berea church.

AMERICAN KILLED IN MEXICO  
Washington, April 10.—Edward E. Morgan, an American citizen, was murdered at Chivela, 17 miles from Salina Cruz, Mexico, April 8, according to advices received at the state department today.

Morgan was manager of the Chivela estate of 125,000 acres on the Tehuantepec railroad, owned by George G. Wright, of Kansas City, Mo.

FOUR TRAINMEN KILLED  
Shantokin, Pa., April 10.—Four trainmen were killed today when a runaway train on the steep Leont Summit grade of the Reading Railway crashed into a locomotive. Thirty cars are piled up on the tracks. Five wrecking crews are clearing away the wreckage.

UNEMPLOYMENT INCREASES  
Washington, April 10.—Increasing unemployment during the week ending April 5 was shown in reports from sixty-six cities to the federal employment service, a summary of which was made public tonight. Thirty-eight cities showed a total labor surplus of 133,505, an increase of 5,877 from the preceding week, while 28 cities showed a shortage of 1,225 and nine showed an equality of supply and demand.

## BULLETINS

LONDON, April 10.—Premier Lloyd George hopes to return to London next Tuesday and to make a statement regarding the peace conference in the house of commons Wednesday. This announcement was made today by Edward Shortt, home secretary.

LONDON, April 10.—(By the Associated Press.)—The national executive committee of the labor party, at a meeting today formulated a statement of policy, demanding that the Paris conference put an end to the protracted discussions and make peace in accordance with President Wilson's fourteen points.

ESSEN, April 10.—(Via Copenhagen.)—At a conference of representatives of miners' union and the mine owners of the Essen region today it was decided that it was impossible in the interests of national economy to reduce the working hours for the pit workers to six daily. The mine owners, however, granted a seven hour day.

BERLIN, April 10.—(Via Copenhagen.)—Magdeburg, the capital of Prussia Saxony, where serious disorders occurred early in the week is in control of the German government forces. Gustav Noske, minister of defense, declared today. After asserting that the authorities were prepared for all possibilities, Herr Noske reviewed the situation as follows: "Magdeburg is completely in our hand. Motor boats armed with machine guns are patrolling the Elbe to protect vessels carrying relief foodstuffs. Conditions in Bavaria are such that if Premier Hoffman holds out we will be able to solidify opinion in favor of a legitimate government. If no other way is possible, Munich will be compelled by arms to return to order as in the case of Bremen and Dusseldorf."

PARIS, April 10.—The last days in Paris of Wm. C. Sharp, retiring American ambassador, are being filled with a series of farewell functions.

American Sharp will leave Monday for Eresst, where he will meet his successor, Hugh C. Wallcut, and will sail homeward a day or two later.

COPENHAGEN, April 10.—The members of the strike committee in Essen were arrested today by government troops under instructions from Berlin, a dispatch from Essen reports. Civilian then attacked the troops, but, after considerable firing, the civilians were dispersed.

The arrests of the strike leaders were made after the committee had declined an invitation to negotiate with a representative of the government.

LONDON, April 10.—The German armistice commission at Spa, a dispatch from Berlin today says, has addressed a note to the allies requesting the removal to Russia of Russian prisoners of war still in Germany. The German standpoint is that the Russians are increasing the spread of disturbances in Germany.

The note says there is much discontent among the Russian prisoners at their continued detention while allied prisoners were returned home. The German government, it is added, is apprehensive that the Russians will break from their camps, thus increasing the Bolshevik danger in Germany.

ARCHANGEL, April 10.—(By the Associated Press.)—The commission which is to confer with the Bolsheviks regarding the exchange of prisoners, will include American, British and French officers. The American representative will be Captain Eugene Prince of the military attaché's office. The conference is expected to be held tomorrow.

### CAPT. HOWARD CARRIEL TWILIGHT LEAGUE NAMED HOSPITAL HEAD WILL HOLD MEETING

Son of Mrs. Mary T. Carriel of This City, Made Medical and Surgical Head of Famous Johns Hopkins Hospital at Toul, France.

Mrs. Mary T. Carriel is just in receipt of a letter from her son, Capt. Howard Carriel, stating that the writer has recently been made medical head of the Johns Hopkins hospital located at Toul, France. While the appointment is a source of gratification to Capt. Carriel, he is nevertheless hoping that he may be able to return to the U. S. at no distant date. Capt. Carriel has for more than a year past been with the United States hospital corps in France, and has been located at base hospital No. 66.

The hospital to which Capt. Carriel now goes is one of the most completely equipped in France. It was established and maintained during the war by the Johns Hopkins unit but members of the unit have now returned to this country. It is located in the immediate vicinity of a charming old French chateau and this latter building serves as living quarters for the 100 or more medical officers and nurses with the hospital.

During Capt. Carriel's absence overseas, Mrs. Carriel and children have been in Jacksonville and are living at Colonial Inn.

L. J. Wall was down to the city from Springfield yesterday.

Plans For Coming Season Will Be Discussed at Meeting Tuesday Evening—Games Will Be Played at New Park.

A meeting of the directors and those interested in the Twilight League will be held at the Y. M. C. A. at 8 o'clock Tuesday evening.

The league was organized three years ago and has developed into a fast organization and has developed some promising players. It is thought that some new teams will be seen in the league this year and some of the old ones have talked of dropping out. This is especially true of the Press club one of the charter members of the league, which probably will not organize this year.

Messrs. Smith and Cruse have tendered the use of their new park for the games. The games have been played on the State hospital diamond but it is probable that the offer of the new park will be accepted.

All who are interested in the organization of the Twilight League are invited to attend the meeting next Tuesday evening.

C. A. Fiedler, director of publicity for the Victory Loan campaign for Morgan county, stated last night that the War Tank to be exhibited here will also be seen in other towns in the county.

The tank is to be here from 4:30 p. m. April 18 to 10:30 p. m. Saturday, April 19. It will give exhibitions at various times throughout the day and up to 10:30 Saturday night.

Arrangements also have been made for the tank to take a cross country run to Franklin and thence to Murraysville and back to Jacksonville. On April 22 it will exhibit at Mercedia from 7 a. m. to 11:30 p. m.

### MERCHANT'S CREDIT ASSOCIATION FORMED

Twenty Four Retail Firms of City Organize—Purpose is to Get Record as to Prompt Payment of Accounts By Resident Customers.

A Merchants' Credit association of Jacksonville has recently been organized and includes twenty four retail firms. Practically all of the twenty four do an extensive credit business and the purpose of the association is to give to members information about the financial standing of resident customers, or rather their record as to the prompt payment of their accounts.

Under the plan of organization the several firms agree to compile at least once in six months the names of all of the customers on their books who have been owing accounts for a period of six months, one year and eighteen months. The names, together with the amounts, will be listed and a list furnished to a secretary who will compile the list furnished by each firm and then transmit to each firm a complete list of all the persons shown by records who have unpaid bills for any periods mentioned, six months, one year or eighteen months.

The ruled blanks on which the reports are made are of convenient size and are so made up that the bookkeepers for the twenty four firms holding membership will have no difficulty in making out their reports. As blanks are furnished to all of the firms, the reports as turned into the secretary will be uniform. The complete list which each firm belonging receives will show the name, amount and time of credit for the person listed, but will not indicate to whom the amount is owed. The secretary who compiles the lists as supplied will be the only person knowing exactly to whom all the various persons listed are indebted.

The purpose of the plan is obvious and the members of the association expect in this way to gain information about possible outstanding obligations to customers whom they are carrying on their books. The average retail firm sells on credit to customers with the expectation that the account will run for thirty or possibly sixty days. It is seldom that credit is indefinitely extended for a longer period. The twenty four firms belonging to the Jacksonville association represent various retail lines, some of them competitive and others exclusive.

### FINAL MEETING OF COMMUNITY FORUM

Mary E. MacDowell head of the University of Chicago settlement makes the final address at the popular forum meeting in the Congregational church Sunday evening. Miss MacDowell needs no introduction to the people of Jacksonville; she is one of the outstanding women in America. She has been in the vanguard of those who have labored for the betterment of living conditions in large cities. The Y. W. C. A. sent Miss MacDowell overseas to investigate conditions of women in the war zone. It is of her experiences in this connection that she will speak on Sunday evening. A question period follows it. You'll like it at the Congregational church.

### LOCAL ODD FELLOWS VISITED BLUFFS LODGE

Degree Team of Illini Lodge Conferred Degrees—About Thirty Local Odd Fellows, Made Trip in Cars.

Illini Lodge No. 4, I. O. O. F. of Jacksonville, to the number of about thirty members journeyed in autos to Bluffs Thursday evening and were hospitably taken in charge by the committee of Odd Fellows of Scott Lodge No. 702. Autos were placed in garages and a sumptuous supper served to all visiting Odd Fellows by the local lodge assisted by the Rebekahs of the town.

Then followed the meeting in the neat, well furnished lodge rooms of Scott Lodge. A special meeting was held and the initiatory and first degree was conferred in fine form by the degree staff of Illini Lodge. The staff under the efficient leadership of Bro. R. C. Allen made a good showing and gave the secret work with snap and precision. District Deputy Chas. E. Seymour of Urania Lodge No. 243 was general director of ceremonies.

A number of visiting brothers from other lodges were present: F. H. Lathrop, No. 85, Quincy lodge; J. L. Tischer, David Leonard, Thomas A. Burrus and Clyde McAllister of No. 962, Mercedia lodge; A. C. Ellis, Chas. Ferguson, James Chambers, Harvey Green, William Snow, C. E. Quintal, Clarence Hatfield, T. S. Bentley, Irvin Bentley, Joseph Post, William Cissna, Edward Fitzsimmons, T. H. Beerup, Thos. Dunaway and James Frye of Amclitia lodge No. 83; Frank Stanton of Pittsfield lodge No. 95; F. J. Harvey and Samuel Snow of Lynville lodge No. 356; L. Langford of Winchester large No. 70; Carl Horsey of Pike lodge No. 73, or Griggsville; Edward Hudson of No. 415, Murraysville; Tone Snyder of Pride of the Valley, E. St. Louis, No. 435, and many others.

After conferring the degrees the hospitality of Bluffs Odd Fellows would not be satisfied until all the brothers had again repaired to the banquet room where pie, ice cream and cake were served in unfailing abundance. Truly Scott Lodge did herself proud and the gathering of Odd Fellows from the surrounding country was a marvel and all present believe a real revival of the spirit of true and progressive Odd Fellowship throughout the entire region.

As some one expressed it at this meeting the strenuous period of the world war having passed, the ideal of universal brotherhood has taken hold of people as never before and the worth and desirability of fraternal and helpful secret organizations are sought for and exemplified as not before.

Suffice it to say this meeting was not only a pronounced success but a matter of uplift in the community.

The Jacksonville boosters returned to this city after the ceremonies with many pleasant memories of a cordial entertainment and of helpfulness on their part rendered to others.

### NOTICE TO AUTO OWNERS

If it isn't you had better throw it away—that is, if it is beyond repair. A clock that's uncertain in its actions is about as desirable as a balky mule. Engagements and trains are missed because of undependable clocks, and you all know how unpleasant such events are.

### CHICAGO MAN TO SPEAK IN CHAPIN

Rev. E. F. Collier Will Speak in  
Interest of Anti-Saloon League  
at Christian Church Sunday  
Evening—Missionary Society  
to Meet—Other Chapin notes.

Chapin, April 9.—Next Sunday evening at the Christian church there will be given an address by Rev. E. F. Collier of Chicago in the interest of the Anti-Saloon League. Mr. Collier comes highly recommended and no doubt will be an interesting speaker. He is to speak at Central Christian church in Jacksonville in the morning. It is hoped to make it a union service of both the churches.

The monthly meeting of the Missionary society of the Christian church will be held at the home of Mrs. Monte Funk Friday afternoon, April 11, instead of Wednesday, as several of the members are planning to attend the conference in Jacksonville on that day.

We were very sorry to hear of the death of Mr. J. F. Green of Jacksonville. He had made many warm friends here in his work among the holders of Prudential insurance policies.

Mrs. John Rice is caring for Mrs. Fred Craven who had the misfortune to break her ankle a few days ago. Her many friends hope for her a speedy recovery.

### Be a Joy-Walker, "Gets-It" for Corns

2 Drops, 2 Seconds—Corns Are Doomed!  
When you almost die with your  
corns and corns make you almost  
walk sideways to get away from  
the pain, take a vacation for a min-  
ute or two and apply 2 or 3 drops

"My Corns Peel Clean Off, With 'Gets-It'"  
of the world's magic and only gen-  
uine corn-peeler, "Gets-It." Then,  
and then only, will you be sure that  
your corn will loosen from your toe  
so that you can peel it right off  
gloriously easy with your fingers.  
Take no chances of continued pain  
and soreness—why use gross, irri-  
tating salves, plasters that shift  
and press into the "quick" razors  
and "diggers" that make corns bleed  
and also grow faster? Use Painless,  
easy, always sure "Gets-It." There's  
only one like it in the world—that's  
"Gets-It." Millions have tried and  
O.K'd it for years. It never fails.  
"Gets-It" is the guaranteed, money-  
back corn-remover, the only safe  
way, costs but a trifle at any drug store.

mended as the world's best corn  
remedy by Armstrong's Drug  
Stores and Luly-Davis Drug Co.

Mrs. Addie White is having her  
house freshly painted and a new  
porch built on the south side  
which is a great improvement.  
Mr. and Mrs. W. Woodward re-  
ceived a sample of new maple sug-  
ar from Vermont. Mr. Wood-  
ward has ordered 100 pounds this  
spring and as usual it is nearly all  
spoken for.  
C. G. Cantrall was in Jack-  
sonville on business Monday after-  
noon.

### GAGE HATS MRS. ABBOTT, ILL. 881.

#### OBITUARY

Eliza Jane, daughter of John  
and Sarah Owens, was born near  
Princeton, Gibson Co., Indiana,  
July 4, 1859, and passed away at  
her home in Prentice, Ill., Sunday  
morning, April 6, 1919, at 4:45  
o'clock, being at the time of her  
death 59 years, 9 months and 2  
days of age. Her father dying  
when she was quite small, she was  
brought to Illinois and placed in  
the home of Mr. and Mrs. Sam-  
uel Willett, where she was ever  
cherished as a loved and loving  
daughter. She received her edu-  
cation at the Jordan school, where  
she made many friends, and these  
friendships continued through all  
the after years.

Since coming to Illinois she  
had resided in or near the Yates-  
ville and Prentice community. On  
September 8, 1880, she was united  
in marriage to Isaac R. McDaniel  
of Yatesville. To this union were  
born two children, Clyde Vernon  
of Bridgeport, Conn. and Anna  
Ethel who died August 5, 1904, at  
the age of 13 years.

Besides the sorrowing hus-  
band and son she leaves one  
grandson, Clyde Cecil, who since  
the death of his mother in 1912,  
has made his home with his  
grandfather and grandmother.  
He had been a great comfort to  
the latter and faithful in his  
childish way in helping to care for  
her in her illness. She also  
leaves one sister, Anna, wife of  
Robert White of Rochester, Ill.,  
and one half-sister, Lenora, wife  
of George Henninger. One bro-  
ther, James, one sister, Lydia and  
a half brother, Alex Smith, pre-  
ceded her in death. Besides  
many other relatives, she leaves  
a large number of friends.

In the year 1882, during a se-  
ries of meetings held at Prentice,  
conducted by Rev. E. B. Randall,  
deceased accepted Christ as her  
leader and after followed, as  
nearly as possible in the path  
which He directed. In 1910 she  
became a member of the Berea  
Ladies Aid, and as long as her  
health would permit she took  
an active part and deep interest in  
the welfare of the work.

The deceased had been in deli-  
cate health almost all her life  
and has practically been an in-  
valid for the last 15 years. She  
was a patient sufferer, always  
thankful for her many blessings.  
She leaves a beautiful little home,  
where, for so long has been be-  
stowed upon her the loving and  
tender care of her devoted hus-  
band. A loving wife, a tender  
mother, a good Christian woman  
has gone to her reward. She  
will be greatly missed by her  
many friends, who now extend  
their sincere sympathy to the be-  
lieved family.

In Remembrance.  
Our Father who knoweth all  
things best.  
With the wand of Peace and  
Love:  
Has loved another one to rest.  
In His eternal home above.

Her gentle soul has been released,  
And is safe at home with God.  
Her form in which all pain is  
ceased.  
We tenderly lay beneath the  
soil.

How sweet has been that meeting  
Of the mother dear,  
In fancy we hear the glad greet-  
ing.  
As we bow in submission here.

In the Christian's home in glory,  
Where Christ will ever reign.  
Will be fulfilled that old sweet  
story.  
"We will meet her there again."

She was ready, she was filling—  
Only waiting—for the call.  
She now has heard that voice so  
thrilling.  
That will speak to one and all.

Just say to those who are weeping  
She is free from pain and care.  
Think now of the joyous meeting  
In that home just "Over There."

• STOMACH UPSET?

Get at the Real Cause—Take

Dr. Edwards' Olive Tablets

That's what thousands of stomach

sufferers are doing now. Instead

of taking tonics, or trying to patch up a

poor digestion, they are attacking the

real cause of the ailment—clogged

liver and disordered bowels.

Dr. Edwards' Olive Tablets arouse

the liver in a soothing, healing way.

When the liver and bowels are per-

forming their natural functions, away

goes indigestion and stomach troubles.

If you have a bad taste in your

mouth, tongue coated, appetite poor,

azy, don't-care feeling, no ambition or

energy, troubled with undigested foods,

you should take Olive Tablets, the

substitute for calomel.

Dr. Edwards' Olive Tablets are a

purely vegetable compound mixed with

olive oil. You will know them by their

olive color. They do the work without

griping, cramps or pain.

Take one or two at bedtime for quick

relief, so you can eat what you like.

At 10c and 25c per box. All druggists.

## WHITE HALL BOY WRITES FROM GERMANY

Tells of Narrow Escape From Death at Hands of Hun Soldier—Beardtown Union Will Not Join New Labor Party—News Notes.

White Hall, April 9.—First Lieutenant Paul Howard, Company H, 139th Infantry, 33rd Division, has had a remarkable experience and narrow escape from death at the hands of a Hun soldier, which he relates in a letter to his parents, Rev. and Mrs. Leo Howard, dated Moostroff, Luxemburg, March 16. He says: "We are having regular summer weather just now, and I am feeling fine. We are getting things in shape for the first lap of our journey homeward. We will sail sometime the first part of May."

"Just now I am in command of the regimental Guard of Honor. We turn out for all the special occasions. We were escort for the royalty of Luxemburg on February 27. We go to a corps horse show at Luxemburg City next Thursday, the 20th. You see my boys are the finest bunch of soldiers I have ever seen. West Point hasn't a thing on us when it comes to drill. They are the pick of the regiment, so you can imagine the class of men I have. I took a trip to the Ardennes yesterday afternoon. While there I went to the first town in Germany. Saw the home of Victor Hugo, and the ruins of a beautiful medieval castle built in 48 B. C. Some of the ancient furniture is still preserved, including a bed in which Mary Antoinette slept. Under separate cover I am sending a history of the castle."

"March 18.—I did not get to finish my letter Sunday. I have been working hard to get my honor guard in the best possible condition. On Thursday we drill against the honor guards from the Fifth and the Seventh Divisions. They are regular army outfits, and it would never do to let them excel us."

"You will find enclosed a piece of an Iron Cross ribbon that I jerked off of a German on the morning of October 8th. Be sure to keep it, because the boy I took it from nearly got me. I had emptied my revolver, and before I could reload, he came at me with his bayonet. I thought fast, but it seemed that I could not move. Finally my helmet dashed him in the face, and—Thores few seconds were like a thousand years. But that is only one of several close ones."

"I have one of those spiked helmets for you, dad. It has seen considerable wear and tear, and came direct from the battle front. I picked it up after one of our successful attacks in the Argonne-Meuse. I will not trust it thru the mail; it might get lost."

Will Not Join Labor Party.

The Beardtown lodge of the American Brotherhood of Railway Trackmen will not have a delegate at the convention of the independent labor party of Illinois to be held at Springfield commencing on Thursday of this week. E. L. Wendell, secretary and treasurer of Subordinate Lodge No. 170, the largest union in Beardtown, says that the radical socialist element is strong in the "car" knackers' union at Beardtown, but doesn't control any of the other unions, adding: "They tried to drag the union to which I belong into the new independent labor party movement, but some others and myself heated it off, and our lodge refused to elect a delegate to the state convention to be held at Springfield, April 10. Such movements are the height of folly. No Bolshevik!"

Rev. Wendell is well known as a debater and public speaker. He is a Baptist clergyman, and since America entered the war he has been in railroad work at Rood-house and Beardtown, having in recent months served as a crossing flagman at Beardtown, and has lectured for his union at several points in Illinois and Missouri. He was one of the very first men to advocate Woodrow Wilson for the presidency, previous to which he was a Republican, speaking under the direction of the state committee in the McKinley campaigns. Ten and twelve years ago he had a series of debates with socialist leaders in Oklahoma. He is a White Hall boy, where his ability is best appreciated, and in a recent letter he says:

Beardtown, April 7, 1919  
Mr. Ray Pearce,  
White Hall, Ill.

Dear Old Boy:

I thought I would write you a few lines. I am in good health and enjoying life. I have a steady job. Work seven days in the week, eight hours out of every twenty-four. I am keeping up my reading, as we have a Carnegie library here and a fine reading room. I have a good oil lamp in the flag shanty, and I read all night, except when I have to run out in the street with the red and green lanterns when a train or switch engine is passing.

I have thought that public or national ownership of the railroads would be the big issue of the campaign of 1920, but I have changed my mind on that subject. I still believe that the nation ought to own and operate the railroads, but the administration has made such a mess of the whole matter that there is very little sentiment for national ownership outside the circles of railroad employees. The public is disgusted with poor service and high freight and passenger rates. The financial situation of the railroads is very bad. If the railroads are turned back the private management and there is an attempt to cut wages, you will see the biggest strike in the history of the nation. We did not treat labor the way we did before the war. Yours as ever,  
E. L. Wendell.

## News Notes.

Postmaster J. E. Wyatt returned from St. Louis this week, after being given a thorough examination that resulted in finding nothing wrong with his health except what can be rectified by proper medical treatment.

The park condemnation proceedings in county court came to a sudden halt Tuesday by illness in the family of one of the jurors. Judge Henshaw adjourned court until next Monday at 9 o'clock. There are about six witnesses to be examined before the jury will be brought to White Hall to examine the property sought for an addition to Whiteside Park.

Rev. Lee Howard spent Tuesday and Wednesday at Rock-bridge, organizing the work of the Methodist centenary at that point.

Gilbert Vosseller Jr. is here from Kansas City this week on account of the arrival of his brother, Dr. C. D. Vosseller, from overseas.

H. T. Johnston spent several days last week in Kansas City. Ward Edwards has resigned his position as pumper at the Hartwell drainage station, and has entered the implement house of Buel Black at Hillview.

## OBITUARY

Funeral services for Irene Lena Vieira, daughter of Mr. and Mrs. Emanuel Vieira, were held recently at the home of the aunt of the deceased, Mrs. Mary Martin on North Prairie street. The services were in charge of Rev. J. H. Morphis, pastor of Northminster church. Suitable music was furnished by Mrs. J. A. Scott and Mrs. J. DeFrates. The flowers were cared for by Misses Nell Ornellas and Margaret Vieira. The child is survived by her father, Emanuel Vieira, and two sisters, Ruth and Dorothy. She was preceded in death by her mother and one sister on October 31, 1918.

Dear little hands, I miss them so. All thru the day, wherever I go. All thru the night how lonely it seems. For no little hands wake me out of my dreams.

I miss them, all thru the weary hours, I miss them as others do sunshine and flowers; Daytime or night time, wherever I go.

Dear little hands I miss them so. Those little lips so sweet to kiss. Are closed forever now. Those sparkling eyes that shine so bright. Beneath that pearly brow. That little heart that beat so high. Free from all care and gloom. Is hidden now from those she loved. Beneath the silent tomb.

## BLUFFS HIGH TO BE ON ACCREDITED LIST

Recent Inspection by H. O. Marbury, State Inspector of Schools, Showed Institution Entitled to This Position—Other News Items from Bluffs.

Bluffs, April 9.—H. O. Marbury, state inspector of schools, from the state university at Urbana was here Monday inspecting the high school with reference to placing it on the accredited list. He found the school in excellent shape, was pleased with the progress made the past year, with the library, laboratory and its equipment and last but not least, he placed the high school on the accredited list, thereby permitting graduates from the school to enter any college or university in the state without an entrance examination.

Supt. R. L. Newenham has labored incessantly for the past three years with this aim in view and to have his efforts thus fulfilled is very gratifying. The superintendent is painstaking and careful with pupils and students alike, is efficient in all his work here and for the advancement of the school should be retained at least for another year.

## VIRGINIA COUPLE MARRIED AT ASHLAND

George Dewey Fisher and Miss  
Helen Murry Married Monday  
Evening—Both Prominent in  
Virginia Society.

Virginia, Ill., April 9.—A very  
pretty wedding ceremony was  
performed at the Church of Christ  
parsonage in Ashland at 8 o'clock  
last evening in which a promi-  
nent young couple of Virginia were  
united, Rev. C. A. Burton officiat-  
ing.

The contracting party who  
sprang the surprise was Miss  
Helen Murry youngest daughter  
of Mr. and Mrs. E. L. Murry and  
Mr. George Dewey Fisher son of  
Mr. and Mrs. F. L. Fisher.

The beautiful ring ceremony  
was used and the attendants were  
Mr. Jesse McNeely and Mrs. Mor-  
ton F. Dorothy sister of the groom.  
Only a few intimate friends and  
relatives were present.

The bride is a member of the  
1919 graduation class of Virginia  
high school, and is a talented  
reader and a social favorite  
among the younger set.

Mr. Fisher is at present located  
in Lincoln, Ill. in the garage  
business previous to his enlistment  
in the Motor Transport  
corps of Chicago last Oct. he was  
engaged in a similar occupation in  
this city.

He is a member of the Medland  
Quartet and also a talented  
musician, and an exemplary  
young man.

After a brief honeymoon spent  
in northern points they will be at  
home to their friends in Lincoln,  
Ill. where the congratulations  
and best wishes of their many  
friends accompany them.

## BOURN HOME NEAR SHILOH IS BURNED

Walter Bourn and Family Have  
Home Completely Destroyed by  
Fire—Edgar Mills Pleasantly  
Surprised—Recently—Other  
Shiloh Neighborhood News.

The home of Walter Bourn was  
recently completely destroyed by  
fire. A part of the household  
goods were saved but everything  
upstairs was destroyed as the fire  
had gained such headway before  
discovery that it was impossible  
to remove anything from the sec-  
ond floor. The clothing of the  
family was all destroyed. Mrs.  
Bourn and the children were  
kindly cared for at the home of  
James Black until they were able  
to move to the Dunn property  
which Mr. Bourn rented after the  
fire. They have the sympathy of  
all in their misfortune.

she having received the most head  
marks in her class.

Edgar Mills was pleasantly sur-  
prised by a number of his friends  
recently. A number of hours  
were spent with games and music  
and delicious refreshments were  
served.

Roy L. Black delivered hay to  
Jacksonville last week.  
John Fitzsimmons recently had  
the misfortune to lose a young  
mule. The animal was on the  
road and was run into by a car,  
a broken leg resulting. The animal  
was recently purchased at the

## Story's Exchange, Loans and Insurance Real Estate

### FARM PROPERTY

(a) 240 acres, three and one half miles from a good town. Land level  
to gently rolling, 50 acres in wheat, 100 acres in meadow and pasture,  
balance in corn. Two sets of improvements. One seven room house and  
one four room house. Two barns and all necessary out buildings. Price  
\$100 per acre. Will consider some city property in exchange.

(b) 196 acres in Scott county, rolling land, mostly in grass. One half  
of this land can well be cultivated. Extra well fenced. There is a five  
room house with basement. Three barns, also other needed improve-  
ments. Price \$100.00 per acre. Will accept class condition. Price \$25.00 per  
acre.

(c) Within a three and one half miles of Jacksonville we have an ex-  
cellent farm of 140 acres mostly good black land and well tilled. There is  
an excellent house of seven rooms, horse barn, cow barn, corn cribs and  
implement shed, new garage; all in first class condition. Price \$25.00 per  
acre.

(d) Within a mile of a shipping point and five miles from county seat  
we have 100 acres of which 10 acres is level to rolling, twenty acres of  
pasture land, somewhat rough, 100 acres in wheat, 30 acres of rye. This  
farm can be had with immediate possession, crop and all for \$125.00 an  
acre. When can you see this one?

Now you had better get busy for this land is increasing in value week  
by week and with the volume of money coming from our wheat crops men  
will buy land higher than ever before. No matter who says land will get  
cheaper we know it is getting higher. Contract for the farm now get pos-  
session of wheat land this fall and pay for farm next March. My honest  
opinion is the early buyer will be offered ten to twenty five dollars per  
acre profit before time for settlement. Believing this I have already  
bought two farms this spring and I have already been offered a profit  
on each.

### CITY PROPERTY.

"The advance in city property which I predicted in my 'ad' last Sep-  
tember is here and more property is being sold than for many years before."

(1) On Hardin Ave. we offer a nine room modern house, hardwood  
floors, new roof, basement all concrete, \$2600.00. Will trade for smaller  
property in the first ward.

(2) In the third ward we have a modern eight room house for \$2000.

(3) Five room modern house, large lot, east front for \$2250.

(4) In the third ward, modern bungalow of five rooms, nearly new,  
on paved street, close to car line, for \$2500.00.

## HANNING BROTHERS MEET IN GERMANY

Mrs. Thomas Newell of Ashland Has Letter from Brother Telling of Recent Happy Meeting.

Mrs. Thomas Newell of Ashland, route 1, has received a letter from her brother, John Hanning, who is with the army of occupation located at Weitenburg, Germany. The writer tells of a happy meeting he had on March 21 with his brother George Hanning.

John Hanning left Morgan county with the troops for Camp Shelby, Miss., on May 25 and George Hanning left on June 28 for Camp Taylor, Ky. The letter follows:

Weitenburg, Germany.  
March 23, 1919.

Dear Sister:  
I received your letter yesterday and was very glad to hear from you and to know that you were well. I also had a letter from Tommy and one from mother.

George and I clasped hands last Friday and were sure glad to see each other. He is looking fine. I was going down the chow line and at the end of which stood George. He did not get to stay long with me, as he had to get back to Newwid, as that was where his pass was to. We can only get passes to certain places.

We are sleeping in barracks now. At first we slept in the houses with the Germans. I had a letter the other day from Ed McCarty. He is in a regular outfit. I suppose he and I will bring up the rear coming home. We had all the pancakes we could eat for breakfast this morning.

Will close for this time, with lots of love.

Your brother,  
JOHN.

## BRITISH INCREASE SHIPPING TONNAGE

LONDON, April 9.—More than 2,000,000 tons of shipping were added to the British navy during the war at a cost of between £250,000,000 and £300,000,000, according to a statement today by the director of naval construction at the admiralty.

After the battle of the Falkland islands, the design of two ships was altered from battleships to battle cruisers. The three famous "hush" ships were designed to wipe out German light cruisers and raiders.

During the war, three hundred destroyers, 100 mine sweepers and 12 new type of submarines were added to the British navy.

## DUPONT ORGANIZES NEW COMPANY.

Wilmington, Del., April 9.—Alfred I. DuPont of this city, has organized a \$12,000,000 corporation to take care of domestic exports and imports. The Nemours Trading corporation, as the new organization is known, has been formed to take over the French-American constructive corporation, a New York firm, and the Merchants and Manufacturers' Exchange of New York.

Branch offices of the corporation already have been established at London, Paris, South America and West Indian cities.

## CHAMBERLAIN TRIAL NEARS END

London, April 9.—The work of the court-martial which is trying Captain E. C. Chamberlain of San Antonio, Tex., was concluded in England today and the court adjourned to meet in Paris Saturday. The prosecution still has other witnesses to call before the defense opens its case. Captain Chamberlain is charged with having made false reports in connection with his reported aerial exploits on the British front last summer.

Edward Hammond of Merced, Cal., made a business trip to the city yesterday.

## WITH THE COLORS

FROM SERGT. O. B. PYLES.

The letter below has just been received by Mrs. Harriet Pyles from her son, Sergt. Oliver B. Pyles, with Co. C, 323rd L. Bn., A. E. F.

March 8, 1919.

Dear Mother: I received your most welcome letter today and glad as you know to hear from you, as it was the first letter that I had received since January. I also received one from Miss Allen. Mother you can't imagine how it rains over here, it has only missed one day in four weeks and it rained at night that day.

Well mother I would like to say that I will be home soon, but of course I can't. I some times think the time is near and then something happens and makes one think we will be here six months longer, but we can only look and listen. Well mother I must say that this is one winter that I have not had to take any medicine. I have not been sick

a day yet so I think that is pretty good. I hope you can say that much.

Well mother you know why I was not sent to the front with some infantry. It was on account of my crooked toe. Well I some times look at that old toe and thank it for being crooked, as the front line trenches are not what they are cracked up to be and dodging bullets is a pretty hard job, unless God is with you. Well I won't say, but He might have had his mind on some one else at the time the bullet came my way.

How is Arthur? Give him my best regards and tell him he sure missed a lot by not being a soldier. But at the same time I am proud that he did not have to leave you—as I did. One anyway was all that was necessary to get Kaiser William. Oh, mother today is Saturday and no one works after dinner so there is a mafi here from Co. A, of this battalion who cut 30 steers of wood in 7-1-2 hour or 10 cords so our captain says it can't be did and he is here this afternoon to prove it. He

is going to cut 4 steers in 1 hour, the wood is poles all the way from 2 inches to 4 inches in diameter and from 10 to 20 feet long. There are a number of bets on, the captain is betting 3,000 francs or about \$600. How's that for money?

We have a captain that feels that there is no Co any better than his or Old Co. C. Well I must see him cut the wood, of course. He is in front of the office and I can see from the window, but I want to be near. He is now cutting.

Well mother the wood is finished and he cut it in 1 hour and 15 minutes. I must give him credit, he's sure a wood cutter. He is a wonder. I will never be able to cut up wood as he does, altho he did not make it in 1 hour. It would only take a few men like him to supply the A. E. F. with fuel wood.

Well, mother next week I will have lots of work as I must make a report of Co. C. from the time we left the U. S. A., check everything, so you see I will be pretty busy. But I will write you again I don't know why it is you people don't get my letters as I answer each and every one I receive and I write you once every week, and have since the first week, overseas.

Well mother give my best regards to all that ask about me and tell them that I will be home soon. Of course the roses may be all faded, but you can tell me how they looked.

Love to all answer soon.  
Good bye.

## BUMPER WHEAT CROP IN MISSOURI

Jefferson City, Mo., April 9.—Premise of the largest wheat crop by 27,900,000 bushels ever harvested in Missouri, was indicated by the crop report issued today by the State Board of Agriculture.

## CASUALTIES IN DENTAL CORPS

Washington, April 9.—Casualties in the dental corps of the army announced today disclose that six officers were killed in action. Forty-seven officers died of disease.

## UNCOVER EXTRAVAGANCE AT NITRATE PLANT.

Washington, April 9.—Extravagance in connection with expenditures for the government nitrate plant at Muscle Shoals, Ala., has been uncovered by agents of the department of justice in their investigation of the project, it was learned today, but so far the department has not determined whether there is any criminal liability.

## 3,000 CIGAR MAKERS STRIKE.

Tampa, Fla., April 9.—More than 3,000 cigar makers working in 22 factories were called out today to enforce demands of striking clerks for electrically operated electors in all factories. The clerks have been on strike for more than a week.

The strike today is said to be without the sanction of the American Federation of Labor.

## HOLDS STATE HAS RIGHT TO REGULATE WIRE RATES

Chicago, April 9.—Judge Charles M. Felt in the superior court today made permanent an injunction issued a few weeks ago restraining the Chicago Telephone Co. and the American Telephone and Telegraph Co., from raising their rates in conformity with the schedule issued by Postmaster General Burleson. In his decision Judge Felt held that the state had the exclusive right to regulate intrastate rates.

## FAMOUS OLD TIME BILLIARDIST DEAD

Chicago, April 9.—Lew Shaw, for years famous as an exhibition billiard player, died yesterday in a hospital here. He was born in Elgin, Ill., 63 years ago, and in his early years as an expert billiard player, competed in matches, the most notable being his defeat of Jake Schaefer in Washington, D. C., in 1876, winning by 600 to 547, at the regular three ball game.

## DESERTERS ARE EXECUTED

Ottawa, April 9.—Hugh Guthrie, solicitor general of Canada, stated in the House of Commons today that he had been informed that a number of Canadian deserters overseas had been executed during the war. Others had received sentences up to 30 years. He said the punishments in England were more severe than in this country.

General Sir Sam Hughes said the deserters had been tried by courts-martial and shot both in England and at the front.

J. W. Seagrass of Duluth was in the city yesterday. He is a traveling salesman and may have territory in this vicinity that will induce him to live in Jacksonville, a consummation devoutly to be wished by his numerous friends.

Henry Scott of Springfield made the city a visit yesterday.
